

# 2011 CSA Sign-Up Form

For More Detailed Explanations & Other Useful Info,  
Please Visit Our Website: [www.oldenproduce.com](http://www.oldenproduce.com)

## Share Options:

### Full Produce Share:

This share is designed to provide produce (fruit/vegetables) weekly for a family of 3 to 4. This share can be split between two smaller households. 20 weeks (from early-June to mid-October)

### Half Produce Share:

This share is designed to provide produce (fruit/vegetables) on a weekly basis for 1 to 2 people or a family that uses less vegetables. Sorry, we do not allow this share to be split between two households. 20 weeks (from early-June to mid-October)

### Every Other Week (EOW) Produce Share:

This share is the same size as the full share, except it is delivered every other week. This share can also be split between two households. 10 weeks (from early-June to mid-October)

### Market/Stand Share:

This share is designed for those who cannot pick-up every week or want a little more say in the produce (fruit/vegetables) they get each week. For this share you will receive vouchers that can be redeemed at our roadside stand locations, farmer's markets that we attended or on the farm. Share gives you \$250.00 in vouchers for a discounted rate.

## Add-On Share Options:

Now that you have chosen one of our main share options you can consider any of the add-on shares to further enhance your local food experience and support other local businesses.

### Fruit Share:

If you love fruit and want more, this share provides you with a weekly supply of fruit to go along with the standard share options. 18 weeks (from late-June to mid-October)

### Bread Share:

Ensure that you are going to receive a freshly baked loaf of bread each week from our friends at Renard's European Bake Shop. This share consists of 10 weeks of Ciabatta and 10 weeks of a variety of different loaves (one loaf per week). They could be 9-Grain, Roasted Potato w/ Rosemary, Sour Dough, Pumpernickel Rye, Wheat Berry Walnut, Onion Caraway Rye, Focaccia, Fougasse, or new varieties that Renard's creates.

### Honey Share:

This share gives you 10lbs of honey from our resident honey bees. You'll receive 2lbs of honey monthly (June, July, August, Sept, October). Limited shares available this year.

### Egg Share:

This is a year-round share option that provides a dozen eggs per week. You will receive them with your box each week during the regular share season and then from designated pick-up locations for the remainder of the year. Due to the fact that egg production drops off during the cold, short days of winter and hens go through a molt period, this is a 45 week share as the hens need a little winter R&R. If your egg needs are greater or a little less please contact us for pricing and options. (Must be in by Feb.1<sup>st</sup>)

### Late Season Share:

This share extends your CSA season with a one time delivery of late season vegetables and apples in early to mid-November.

## Sign & Date:

I would like to be a CSA shareholder for the 2011 season at Olden Produce. I understand that Olden Produce will do it's best to provide me with as much variety & quantity as possible. I also understand MotherNature has final say & some things are out of our control.
